## DETAILED ACTION

In response to Request for Reconsideration filed October 2, 2007

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1 – 2 are rejected under 35 U.S.C. 102 ( e ) as being anticipated by Andersson (US 7,042,561 ).

With respect to claim 1, Andersson discloses a device and method for checking the chassis geometry of a chain-driven or belt-driven vehicle ( See Column 1, lines 48 – 52 ), characterized by the method step of determining the chain alignment of the secondary drive by means of a laser module ( 18 ) that is placed on the lateral surface of the chain wheel or belt pulley ( See Figure 2 ), and whose laser beam is directed at the edge region of the chain or the belt, respectively.

In regards to claim 2, Andersson also discloses a device and method characterized in that subsequently, any incorrect chain alignment that is found is corrected ( See Columns 3 and 4, lines 59 – 67 and 1 – 19 respectively ).

***Allowable Subject Matter***

3. Claim 4 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claims 6 – 12 are allowed.

***Response to Arguments***

5. Applicant's arguments, see Remarks, pages 2 – 4, filed October 2, 2007, with respect to the rejection(s) of claim(s) 1 - 2 under USC 102 (e) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of Andersson ( US 7,042,561 ).
